

Wh... where am I ...

Nowhere you need to worry about! Those are boring details!

What I'm way, way way more interested in ...

Is all the fun experiments I can do on a live patient!
♡

Wait, wait,
Don't do this,
I'll - I'll give
you money,
anything you
want!

Please, I know
people, I can
MMPH!

Dude, I don't
care if you could
pay my bills for
the rest of
my life.

I don't know
why you were in
with all the corpses,
but there's no way
I'm passing this
chance up.

So, where're
you from, any-
ways? Got any
hobbies?

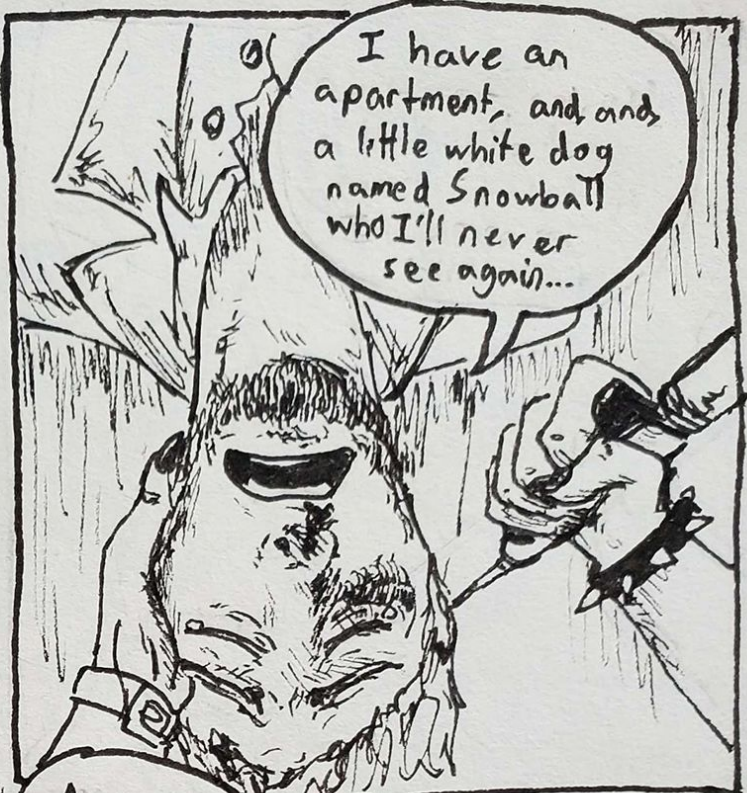

Wh... why
are you
asking that?

Um. It's
normal to make
small talk with
someone you
just met.

W...well, I'm from East Haven, in the slums...

I have an apartment, and and, a little white dog named Snowball who I'll never see again...

Aw, man, that's sad, don't...

Don't cry, man...

AAAGH!!

Oh my god, are you okay? Did she hurt you?

God, I'm so sorry about this, I really tried to stop her.

SHUT DOWN
YES-DOWN

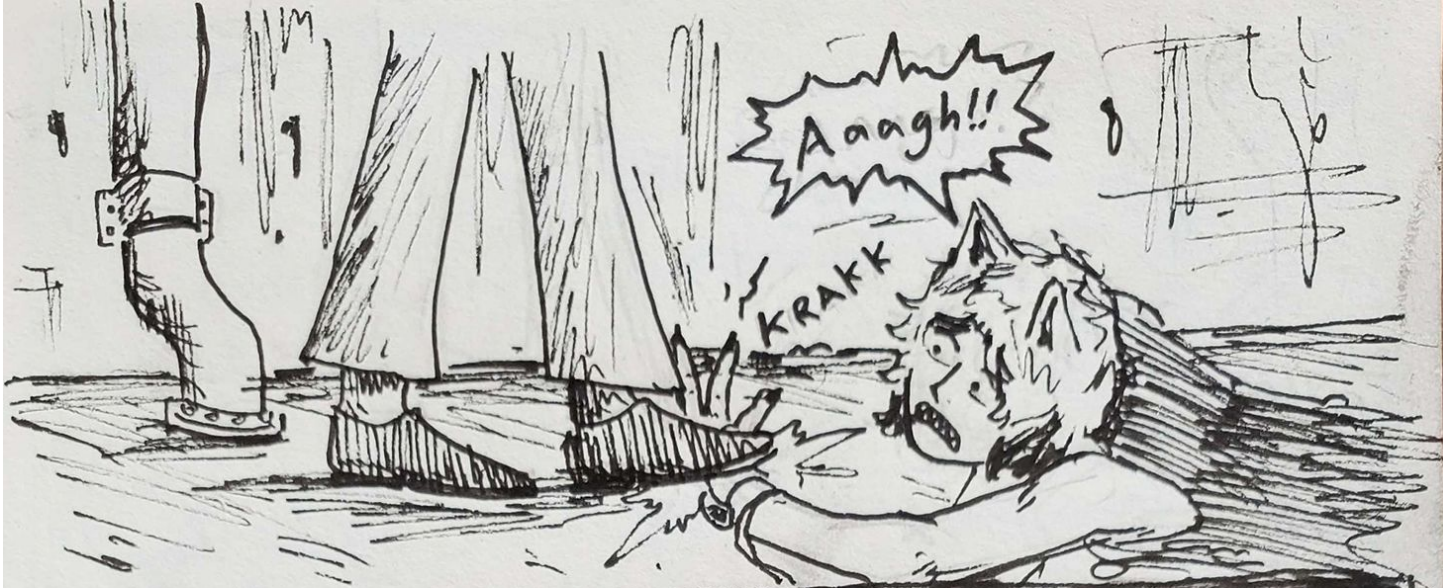

click!

I don't wanna hurt you, I'm just gonna let you out, okay?

Answer Me.

FUCK, I was just trying to help you!!!

I- AGH, my HEAD!!

It's supposed to hurt, you little shit, that's why I stabbed you.

Now tell me what your name is before I take the other one.

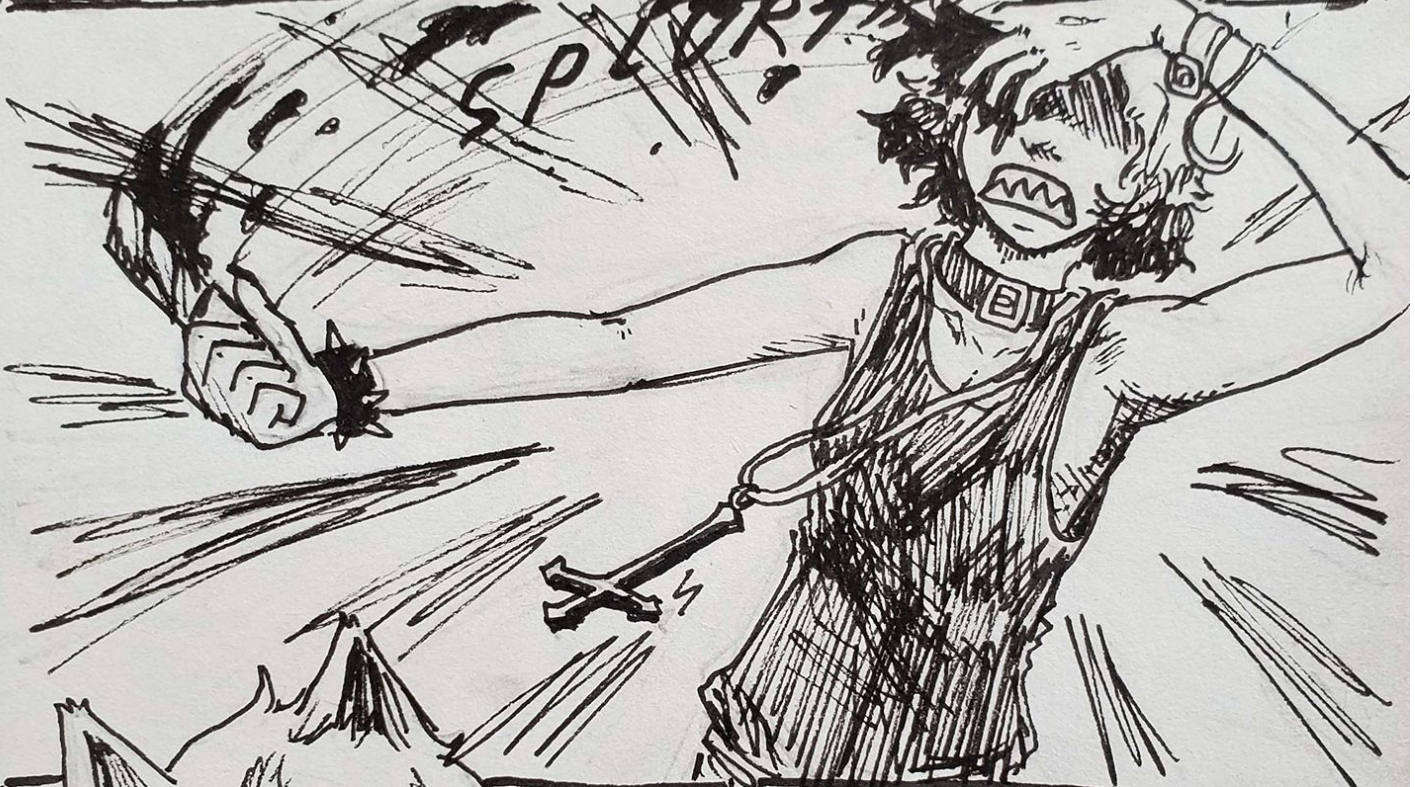

Aagh!!

STAB!!

Urgh...
its not
my fucking
...

EYE that
hurts, asshole!

Alright, he
made a HUGE
mistake letting
you go, but that's
fine, I can
fix this.

Yeah, yeah, you know it was him or us ♀

If we let him go, he'd just come back with his pals to kill us. ♀

And anyways, it's not my fault he was in with all the corpses! I was expecting a normal corpse dissection! ♀

You said you were gonna experiment on him while he's alive!!! ♂

OBVIOUSLY that meant I was gonna keep him alive! No killing involved! ♀

Um... ♂

Like we agreed, no killing was intended at any point. Okay? ♀

Ugh... fine...
♂

Good boy.

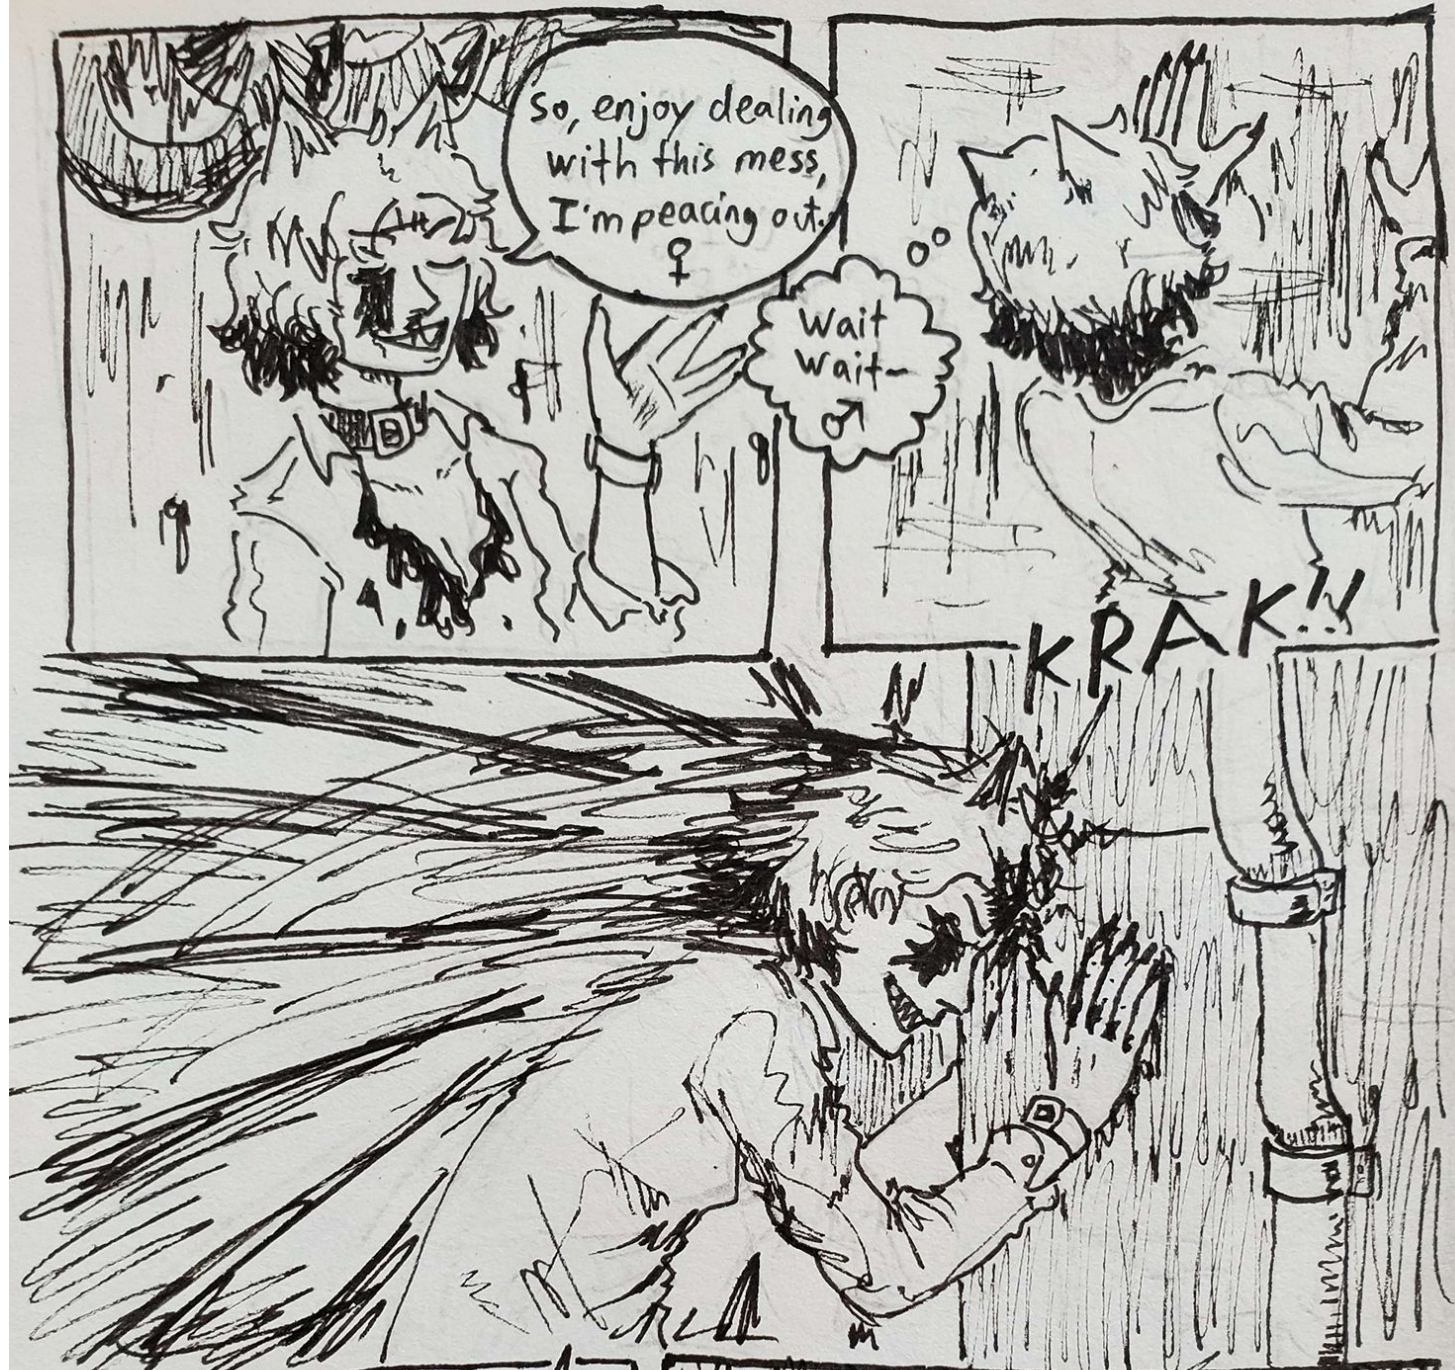

We'll probably have to move though, if his friends decide to look for him.
♀

Well... okay... what about the body?
♂

That's your job, idiot! I do all the freaky psychoscience, and you handle logistics!
♀

KRAK!!

END.

DOGBOYWOLFGIRL

Thank you for reading DOGBOYWOLFGIRL! I wrote this in the span of two weeks as a way to jolt myself out of a slump of "not drawing very much in the past couple months". I had a character concept rolling around my head of a gender-swapping mad scientist, and this was a fun way to explore that while turning out a new comic. I hope you liked it! <3 If you're wondering where chapter 2 of Transgender Catgirl California is and why I've kept pushing back the release date, it's become kind of a behemoth to work on as I'm in the process of rewriting a lot of the script... but! I'm confident that I can get it out by the end of February. In the meantime, I have a couple other smaller projects planned for the coming month, so keep an eye out for those.
