Is she too dumb to recognize her self-sabotaging behaviors or is she just that apathetic about her own life?

Transparently showing off her petplay kink

Unemployed and financially reliant on her friends, won't acknowledge that she feels crushingly guilty about it

Puts 0 thought into what she wears, but insists that this is just really in right now

Incredibly transgender

Keeps saying she'll pick up skateboarding because she thinks it'll make her look cool

Claims to be a theater major; no one's seen her ever attend a college class
